- **Over 20 years flying experience**

MIG JET
ADVENTURES
call us now: 1300 302 660

Flying at incredible speeds, coupled with unmatched agility, is no more than a dream for most adrenalin junkies...

Only a select few navigate the hurdles to achieve the elevated status of fighter pilot.

But now, the dream may become a reality. Join us in the MIG-15 for an exciting experience that will not be soon forgotten.

There's four tonnes of turbine engine which delivers potentially 6,000 pounds of thrust.
